The New Leaders Paolo
A.Ruggeri 2015-02-18
«The motivational drive
that led me to write my
first book, THE NEW
LEADERS, sprang from the
need to understand group
dynamics and how to
manage groups
successfully: improving
others and above all
helping them to live a
better, more fulfilling
and proactive life.
After all, people's
success is measured by
the success of those
around them.» Paolo
Ruggeri This book,
written in simple and

stimulating language, is
the fruit of over ten
years of research. It
provides an analytical
description of the
successful solutions
adopted by managers and
entrepreneurs who have
been successful in
creating groups of
extremely motivated and
productive people. The
book is divided into
three parts. In the
first part we analyze a
number of factors and
causes that lead the
manager's effectiveness
to decline; in the
second part we provide a
very detailed analysis
of staff motivation; the
third and last part
analyzes the character
and philosophy of the
motivational manager and
company. It includes
case histories of
companies that have
successfully resolved
personnel management
problems, providing many
practical examples that
every manager and
entrepreneur can
immediately apply in
order to improve their
staff's productivity.

Agencies 2000
Using Oracle 11i Jim
Crum 2002 Annotation The
must-have reference for
users and implementers
of Oracle Release 11i.
This book provides the
critical information
required to configure
and operate the
Release11i applications
in one book. Several
readers have told us
they saved tens of
thousands of dollars
after reading the
previous edition of this
book. Special Edition
Using Oracle 11i has
about 40% new content
over the previous
version including a new
projects chapter, a new
order management
chapter, screen shots,
tips, and, Release11i
specific material. This
book is the most
complete reference
available for the latest
release of the Oracle
financial,

manufacturing, HRMS, and
projects applications.
Part 1 introduces the
Oracle ERP applications
and Release11i concepts.
Part 2 educates the
reader on proven
techniques for
implementing these
complex and integrated
systems. Part 3
discusses configuration
and usage of each of the
financial, distribution,
manufacturing, HRMS, and
project applications.
Part 4 discusses working
with Oracle Support,
consulting firms, and
compatible software
vendors. The appendixes
review the employment
market, consulting
opportunities, and
provide the reader with
an implementation
checklist. All of
Release11i's new
features are covered in-
depth and in practical
terms. Not only will
readers understand
Oracle's new
capabilities, they will
be able to apply them
right away. The authors
are highly respected
consultants from BOSS
Corporation. They have
worked with the Oracle

Applications for over eight years since Release 9. Each chapter is written and edited by an expert consultant on that topic. The authors have published many white papers and newsletters about the Oracle Applications. BOSS Corporation is an active sponsor of the Oracle Applications User Group (OAUG). The authors have attended the last 14 national conferences, presented more than a dozen white papers at OAUG conferences, participated in the vendor exhibit hall, identified key words for white paper classification, and edited articles that are included in OAUG publications.
