The Cat Of Bubastes George Alfred Henty 2020-02-11 The sun was blazing down upon a city on the western shore of the Caspian. It was a primitive city, and yet its size and population rendered it worthy of the term. It consisted of a vast aggregation of buildings, which were for the most part mere huts. Among them rose, however, a few of more solid build and of higher pretensions. These were the abodes of the chiefs and great men, the temples, and places of assembly. But although larger and more solidly built, these buildings could lay no claim to architectural beauty of any kind, but were little more than magnified huts, and even the king's palace was but a collection of such buildings closely adjoining each other. The town was surrounded by a lofty wall with battlements and loopholes, and a similar but higher wall girl in the dwellings of the king and of his principal captains. The streets were alive with the busy multitude; and it was evident that although in the arts of peace the nation had made but little progress, they had in every thing appertaining to war made great advances. Most of the men wore helmets closely fitting to the head and surmounted by a spike. These were for the most part composed of hammered brass, although some of the headpieces were made of tough hide studded with knobs of metal.

Little Wizard Stories Of Oz (Illustrated) L. Frank Baum 2014-08-11 Little Wizard Stories of Oz is a set of six short stories written for young children by L. Frank Baum, the creator of the Oz books. The six tales were published in separate small booklets, Oz books in miniature, in 1913, and then in a collected edition in 1914 with illustrations by John R. Neill. Each booklet was 29 pages long, and printed in blue ink rather than black. The stories were part of a project, by Baum and his publisher Reilly & Britton, to revitalize and continue the series of Oz books that Baum had written up to that date. The story collection effectively constitutes a fifteenth Oz book by Baum. Baum had attempted to end the Oz series with the sixth book, *The Emerald City of Oz* (1910); in the final chapter of that book he sealed off the Land of Oz from the outside world. He began a new series of books with *The Sea Fairies* (1911) and *Sky Island* (1912). Also, he reacted to his 1911 bankruptcy by increasing his literary output: he produced five books that year, his greatest output since 1907. Baum tried to launch two other juvenile novel series in 1911, with *The Daring Twins*, released under his own name, and *The Flying Girl*, under his Edith Van Dyne pseudonym.
